Product Features

- Supports 2.5" SATA hard drives (HDD) and solid state drives (SSD)
- Features UASP (USB Attached SCSI Protocol), which allows your hard drive to perform significantly faster when connected to a UASP-enabled host controller
- SuperSpeed (5 Gbps) / Hi-Speed (480 Mbps) / Full-Speed (12 Mbps) compliant
- SATA III (6 Gbps) / SATA Gen2i (3 Gbps) / SATA Gen1i (1.5 Gbps) compliant
- Supports SATA hard drives up to 3 TB; will support higher capacity drives when available
- Features hibernation mode, in which the unit goes to sleep after 30 minutes of inactivity and wakes up when activity resumes (Activity LED will blink every 3 seconds in hibernation mode)
- No power supply required*
- Plug-and-play; no software or drivers required

** Most hard drives will operate on the 5V, 900mA provided by the USB 3.0 port. If your hard drive requires additional power, use a 5V, 2A power supply with a 3.5 x 1.35 mm output plug with a positive tip and negative sleeve.*

Package Contents

- U357-025-UASP
- 1-ft. USB 3.0 Micro-B Cable
- Owner's Manual

Optional Accessories

- U324-Series USB 3.0 A/A Extension Cables
- U326-Series USB 3.0 Micro-B Cables

System Requirements

- Computer with an available USB port (USB 3.0 is required to achieve USB 3.0 data transfer rates)
- UASP-enabled host controller required to achieve UASP performance
- 2.5" SATA Hard Drive (HDD) or Solid State Drive (SSD); 9.5 mm max height
- Most hard drives will operate on the 5V, 900mA provided by the USB 3.0 port. If your hard drive requires additional power, use a 5V, 2A power supply with a 3.5 x 1.35 mm output plug with a positive tip and negative sleeve.

Installation

Notes:

- *Hard drives are sensitive to static electricity, and must be handled properly, so as not to risk data loss. Always handle your hard drive with caution by wearing an anti-static strap (such as Tripp Lite's P999-000) when transporting it or by touching a grounded metal surface to discharge yourself of static electricity prior to picking up the drive.*
 - *If your SATA drive has not been formatted yet, you will first need to format it using your computer's Disk Management utility in order to copy and access files.*
 - *Prior to unplugging the enclosure, make sure to properly eject the drive from your computer to avoid any potential data loss.*
1. Slide the cover off the unit to expose the hard drive tray and SATA connector.
 2. Connect your drive by inserting it into the SATA connector. Keep the drive at a low angle to minimize stress on the connector.
 3. When the drive is fully inserted, slide the cover back into place to protect the drive from dust and other contaminants.
 4. Connect the included USB 3.0 Micro-B cable between the unit and computer.
 5. Your drive is now ready for use. The Blue Activity LED will flash to indicate data transfer is taking place.

Warranty and Product Registration

1-YEAR LIMITED WARRANTY

TRIPP LITE warrants its products to be free from defects in materials and workmanship for a period of one (1) year from the date of initial purchase. TRIPP LITE's obligation under this warranty is limited to repairing or replacing (at its sole option) any such defective products. To obtain service under this warranty, you must obtain a Returned Material Authorization (RMA) number from TRIPP LITE or an authorized TRIPP LITE service center. Products must be returned to TRIPP LITE or an authorized TRIPP LITE service center with transportation charges prepaid and must be accompanied by a brief description of the problem encountered and proof of date and place of purchase. This warranty does not apply to equipment, which has been damaged by accident, negligence or misapplication or has been altered or modified in any way.

EXCEPT AS PROVIDED HEREIN, TRIPP LITE MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Some states do not permit limitation or exclusion of implied warranties; therefore, the aforesaid limitation(s) or exclusion(s) may not apply to the purchaser.

EXCEPT AS PROVIDED ABOVE, IN NO EVENT WILL TRIPP LITE BE LIABLE FOR DIRECT, INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OF THIS PRODUCT, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. Specifically, TRIPP LITE is not liable for any costs, such as lost profits or revenue, loss of equipment, loss of use of equipment, loss of software, loss of data, costs of substitutes, claims by third parties, or otherwise.

Use of this equipment in life support applications where failure of this equipment can reasonably be expected to cause the failure of the life support equipment or to significantly affect its safety or effectiveness is not recommended. Do not use this equipment in the presence of a flammable anesthetic mixture with air, oxygen or nitrous oxide.

FCC Notice, Class B

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications to this equipment not expressly approved by Tripp Lite could void the user's authority to operate this equipment.

WEEE Compliance Information for Tripp Lite Customers and Recyclers (European Union)

Under the Waste Electrical and Electronic Equipment (WEEE) Directive and implementing regulations, when customers buy new electrical and electronic equipment from Tripp Lite they are entitled to:

- Send old equipment for recycling on a one-for-one, like-for-like basis (this varies depending on the country)
- Send the new equipment back for recycling when this ultimately becomes waste

Tripp Lite has a policy of continuous improvement. Specifications are subject to change without notice.
