Model #: PV500

PowerVerter Ultra-Compact Inverter - Portable Power for All Applications

Highlights

- 12V DC input; 120V AC output; 3 outlets
- 500 watts continuous output (800 watts peak output)
- Convenient battery clip connectors

Description

Harness your vehicle's battery to efficiently power office equipment on the road. Continuously supplies up to 500 watts of 120V AC power to 3 AC outlets from any 12V battery or automotive DC source. Includes 4 ft. of DC cabling with battery clips for simple installation. Super-compact, lightweight metal case design is among the smallest, most rugged inverters available at this power level.

Applications

- Ideal for desktop computers, laptops, portable electronics, battery chargers for cell phones, pagers, notepads and games, battery chargers for small battery operated power tools, TV-VCR-stereo systems, camcorders, lighting and other low-power AC applications under 500 watts.

Package Includes

- PV 500 Inverter
- (2) 4-ft. cords with battery clamps
- Warranty information
- Instruction manual

Features

- Allows users to run AC appliances from any 12V battery or automotive DC system
- Converts 12V DC battery power to 120V AC power
- 500 watts continuous output power; 800 watts peak output power
- 3 outlets
- (2) 4-ft. cords with battery clamps
- Ultra compact, lightweight design with all-metal housing
- Diagnostic LED indicates low battery-voltage
- Low battery alarm with auto-shutoff prevents deep battery discharge
- High-efficiency operation conserves batteries to prolong run time
- (2) 30-amp fuses protects inverter from overload
- Lighted power switch
