- Plug and play—no software or drivers required

### Package Includes

- B155-002-HD 2-Port Mini DisplayPort to HDMI Splitter
- USB Micro-B cable, 3 ft.
- Owner's manual

### Description

The B155-002-HD 2-Port Mini DisplayPort to HDMI Splitter converts and splits a Mini DisplayPort video signal for display on two HDMI-enabled monitors, projectors or televisions at the same time. Ideal for offices, conference rooms, retail settings, trade shows and classrooms, this compact splitter features a built-in Mini DisplayPort cable that connects to the source. It lets you use your existing HDMI displays instead of buying new Mini DisplayPort monitors or docking stations.

The B155-002-HD supports video resolutions up to 1920 x 1080 (1080p) at 60 Hz, as well as HDCP, EDID and DDC. Orange LEDs next to each output port indicate whether the splitter is powered on and transmitting a signal to the connected displays. The splitter works with all operating systems and is small enough to carry in your backpack or computer bag. Plug-and-play convenience means no software or drivers are needed. An included USB Micro-B cable connects between the source and the splitter to provide power, so no external power supply is required.

### Features

#### Converts and Splits Mini DisplayPort Signal to 2 HDMI Displays Simultaneously

- Ideal for offices, conference rooms, trade shows and classrooms
- Built-in Mini DisplayPort cable connects to source
- Included USB Micro-B cable supplies power to splitter
- Save money on new Mini DisplayPort displays or docking stations

#### Top-Shelf Performance

- Supports video resolutions up to 1920 x 1080 (1080p) @ 60 Hz
- Complies with HDCP, EDID and DDC
- LEDs indicate whether splitter is powered on and transmitting signal to connected displays

#### Easy to Use Almost Anywhere

- Works with all operating systems
- Plug and play—no software, drivers or external power supply required
- Compact unit fits easily in backpack or computer bag
